

**South Ayrshire Junior Ice  
Hockey Club**  
**Code of Responsibility**  
**For Parents**

- To ensure players arrive on time for training sessions and games, with appropriate kit.
- To encourage players to have a healthy attitude and commitment to their hockey. SAJIHC recognises hockey should be fun, but training should be taken seriously.
- Parents are responsible for their Children's behaviour in all areas out with the Ice area. (Coaches and Managers have responsibility for players only when on the ice or team bench). The same will apply when travelling to team events using buses as transport.
- Parents should outline the importance of good behaviour in relation to safety, and towards other players. Any child found misbehaving will be dealt with through the disciplinary procedures.
- Any complaints/disciplinary matters will be dealt with in strict confidence. Any correspondence should be made in writing to the Chairperson SAJIHC.
